Resolution No.

of the Ordinary General Meeting of the

company under the name MLP GROUP Spółka Akcyjna with its registered office in Pruszków

on the amendment of the Company's Statute by authorising the Management Board to increase the Company's share capital within the limits of the authorised capital and at the same time authorising the Management Board to deprive the existing shareholders of their pre-emptive rights in full and to amend the Company's Statute

Acting on the basis of Article 430 § 1 and § 5, Article 433 § 2, Article 444 § 1 of the Act of 15 September 2000 - Commercial Companies Code (Journal of Laws of 2019, item 505 as amended), the Ordinary General Meeting of the company under the name MLP Group Spółka Akcyjna with its registered office in Pruszków (the "**Company**") hereby adopts a resolution with the following content (the "**Resolution**"):

§1

Due to changing market conditions, as well as in order to provide the Company with an elastic approach and allow the Company to quickly respond to market changes, in particular allowing the Company to make investments, the Company's Articles of Association shall be amended so that after Article 9, a new Article 9a shall be added, which reads as follows:

„Article 9a.

1. *The Company's Management Board is authorised, pursuant to Article 444 of the Commercial Companies Code, to increase the Company's share capital by no more than PLN 815,096 (the "**Authorised Capital**") for a period not exceeding three years, starting from the date of registration by the competent registry court of an amendment to the Articles of Association which introduces the Management Board's power contained herein. The Management Board may exercise the authorisation granted to it by making one or more subsequent increases in the share capital by way of one or more issues of shares, within the limits of the Authorised Capital. An increase in the share capital within the limits of the Authorised Capital may only be made for cash contributions.*
2. *The Management Board is authorized to perform all activities related to the issue of shares within the limits of the Authorized Capital, in particular to:*
 - 1) *determine the amount of the share capital increase, including the minimum and maximum amount of the share capital increase,*
 - 2) *subject to the prior consent of the Supervisory Board, deprive shareholders of their pre-emptive rights to shares issued under the authorisation contained in this Article 9a,*
 - 3) *subject to obtaining the Supervisory Board's subsequent consent, determine the issue price of the shares, however, if the existing shareholders are deprived of their pre-emptive rights to shares issued within the limits of the Authorised Capital, the price should be determined on the basis of book-building in an offer non-discriminatory to the Company's existing shareholders,*
 - 4) *setting the opening and closing dates for the subscription of shares issued within the limits of the Authorised Capital,*
 - 5) *determine the terms and conditions for placing subscriptions for shares issued within the limits of the Authorised Capital, including the division of shares issued within the limits of the Authorised Capital into tranches and making shifts between tranches,*

- 6) *conclude agreements with entities authorised to accept such subscriptions, as well as to determine the places where subscriptions for shares issued under the Authorised Capital will be accepted,*
 - 7) *determine other principles of allocation and distribution of shares issued within the limits of the Authorised Capital within particular tranches,*
 - 8) *allocate shares issued within the limits of the Authorised Capital within particular tranches,*
 - 9) *conclude a firm commitment underwriting agreement or standby underwriting agreement, if the Management Board considers it appropriate,*
 - 10) *conclude with Krajowy Depozyt Papierów Wartościowych S.A. (the Central Securities Depository of Poland) an agreement on the registration of securities, referred to in Article 5 of the Act of 29 July 2005 on trading in financial instruments (Journal of Laws of 2020, Item 89), in order to dematerialise them,*
 - 11) *perform all factual and legal actions necessary to admit and introduce the shares issued under the Authorised Capital to trading on the regulated market on Giełda Papierów Wartościowych w Warszawie S.A. (the Warsaw Stock Exchange),*
 - 12) *perform all factual and legal actions necessary to admit and introduce to trading on the regulated market on Giełda Papierów Wartościowych w Warszawie S.A. (the Warsaw Stock Exchange) the rights to shares created as a result of the subscription and allocation of shares issued within the limits of the Authorised Capital.*
3. *Shares issued under the authorisation of the Management Board, within the limits of the Authorised Capital, shall not have any preference over the existing shares.*
 4. *This authorisation does not include the authorisation to increase the share capital from the Company's own resources.*
 5. *The resolution of the Company's Management Board adopted in accordance with Article 9a.1 above replaces the resolution of the General Meeting on the increase of the share capital and, for its validity, requires the form of a notarial act. After subscription of the shares, the Management Board is entitled to introduce changes to the text of the Articles of Association, which result from the issue within the limits of the Authorised Capital, by specifying the amount of the share capital and changing the remaining authorisation of the Management Board to issue further shares within the limits of the unused Authorised Capital accordingly."*

§2

The justification for the amendment to the Company's Articles of Association which consists of granting the Company's Management Board the authority to deprive the Company's shareholders of their pre-emptive right to acquire shares, in case of increase of the share capital within the limits of the Authorised Capital, is to simplify and limit in time the procedure of the increase of the Company's share capital and the facility of an opportunistic reaction to the market situation, allowing the Company's assets to be increased by purchasing assets, the valuation of which in the subsequent months may be under pressure from the market situation. The Management Board taking the decision to deprive the shareholders of their pre-emptive rights will have to obtain consent of the Supervisory Board. The price of shares in the offer not solely addressed to the Company's existing shareholders will be determined through book-building, which should allow determination of this price in a manner which protects the Company's existing shareholders. Due to the possibility of offering the shares to qualified investors, without the need to approve the prospectus, within deadlines allowing for the use of market opportunities, the Company recommends that the shareholders give their consent to grant the Management Board, acting with the consent of the Supervisory Board, right to deprive existing shareholders of their pre-emptive rights to shares issued within the limits of the Authorised Capital.

The Company's Management Board, using the authorisation to increase the share capital within the limits of the Authorised Capital and the possibility to offer taking up of shares without the need to prepare and approve the offer document, will be able to adjust the date and volume of the issue to current market conditions and the Company's needs.

The protection of rights of the existing shareholders is guaranteed by the mechanism introduced by this Resolution, which assumes that the Management Board must obtain the consent of the Supervisory Board to deprive existing shareholders of the Company of their pre-emptive rights. In addition, the Management Board may not issue preference shares or grant a shareholder personal rights referred to in Article 354 of the Commercial Companies Code within the limits of the Authorised Capital.

Therefore, the Management Board's authorisation to increase the Company's share capital within the limits of the Authorised Capital and to deprive existing shareholders of the Company of their pre-emptive rights, in whole or in part, should be regarded as acting in the interest of the Company and its shareholders.

§3

The Company's Supervisory Board is authorised to determine the consolidated text of the amended Company's Articles of Association, containing the changes introduced by this Resolution.

§4

The Resolution shall come into force upon adoption, with the reservation that the legal effect in the form of an amendment to the Company's Articles of Association referred to in § 1 of this Resolution shall arise upon registration of the amendment to the Company's Articles of Association in the register of entrepreneurs of the National Court Register.

§ 3

1. The remuneration of each Member of the Management Board consists of fixed and variable parts.

§ 4

1. A member of the Company's Supervisory Board shall receive remuneration for performing his functions in the supervisory body on the basis of a resolution of the General Meeting of Shareholders of the Company. The principles of remuneration of a Member of the Supervisory Board of the Company may be specified in a resolution appointing a Member of the Supervisory Board or in another resolution. The term of office of Members of the Supervisory Board shall be 3 years.

Members of the Supervisory Board are entitled to reimbursement of costs related to their participation in the Board meetings.

§ 5

The General Meeting of the Company's Shareholders authorizes the Company's Supervisory Board to specify the elements of the Policy referred to in § 3 of the Policy, including the description of fixed and variable components of remuneration, as well as bonuses and other cash and non-cash benefits that may be granted to members of the Company's Management Board, and information concerning the periods of payment deferment.

2. The Company's failure to implement the strategy adopted in a given year and the risk of loss of liquidity by the Company may be a reason to take such a decision referred to in section 1 above.
3. The decision to apply a temporary withdrawal will be made by way of a resolution of the Supervisory Board, indicating the period for which the Company withdraws from the Policy, specifying the elements of the Policy to which the withdrawal has been applied and the background which entitle and justify the need to temporarily withdraw from the Policy.
